29 October 2013

Dear Geography Alumni and friends,

On behalf of the Department of Geography and Resource Management, we would like to send our warmest greetings to you and your family.

This year marks the Golden Jubilee of the Chinese University of Hong Kong. The University has launched a series of celebratory events to commemorate the founding of CUHK on 17 October 1963. Amongst them, the CUHK Alumni Homecoming Day on 7 December 2013 is one of the highlighted events for the reunion of alumni and friends from different parts of the world. In this connection, the Department of Geography and Resource Management in association with the GRM Alumni Association will organize a reunion dinner on this special occasion for teachers and alumni to meet and share their memorable years in the Department. In addition to the reunion dinner, the Fourth Annual General Meeting of the GRM Alumni Association and a sharing session by alumni of different generations will be held before the dinner.

The reunion dinner will be an excellent opportunity for us to touch base again, to catch up with each other and to share with you the latest development of the Department. Over the years, our Department has steadily grown and flourished as a result of the dedicated efforts of staff and students as well as the warm and important support from the alumni. In the 2013 QS World University Rankings, our Department was ranked 33rd among the top 200 geography programmes around the world in recognition of its academic and educational excellence. This is certainly a great encouragement for us to continue our pursuit of excellence in teaching and research.

As a member of the GRM family, you are cordially invited to join the reunion gathering on 7 December 2013. Details are as follows:
