

# RESEARCH SEMINAR

DEPARTMENT OF GEOGRAPHY AND RESOURCE MANAGEMENT  
THE CHINESE UNIVERSITY OF HONG KONG

## Climate Change, The Energy Transition And Why We're Missing the Forest For The Trees

24 Mar 2022 (Thu)  
4:30–6:00 pm (UTC+8)  
ZOOM ID: 973 6037 5790  
ZOOM Passcode: 598320

The lecture, by energy and capital markets veteran expert Mr Joseph Jacobelli, will focus on the key building blocks to achieving net zero emissions neutrality by the middle of the century from a business and finance perspective.

Areas of discussion include:

- Understanding the background and current state to climate action and the energy transition;
- Evaluating the different dimensions of the energy transition in Asia;
- Gaining a high-level understanding of the energy transition in China.
- Deep dive evaluation of what can be learn about the energy transition so far

### Mr Joseph Jacobelli

Asia Clean Tech Energy Investments Co. Ltd.

Giuseppe 'Joseph' Jacobelli is an Asia finance and energy industry veteran. He is the founder of Asia Clean Tech Energy Investments, a dedicated single-family office and advisory activity focused on sourcing and structuring clean energy projects in the region. Prior to forming actE Investments, he spent over 26 years in equity analysis with leading global investment banks covering China and other Asian energy stocks and five years as senior executive at a large utility and at a clean energy start-up. His book, *Asia's Energy Revolution: China's Role and New Opportunities as Markets Transform and Digitalise*, was published in 2021.
